RE: Families First Coronavirus Response Act Initial Response

We are living through a time of uncertainty when we do not know exactly what will come in the weeks and months ahead. Every day brings about something new to discuss. During this time, it's important to lean into what matters most and what inspires all the work we do- helping each other and those in need. I know it is difficult sometimes to balance with the level anxiety that is out there but what you all do is amazing work!

We are currently working on an update and confirming the policies in relation to the newly passed, Families First Coronavirus Response Act. In the meantime, the administrative team is available to you 24/7.

Thank you all for remaining diligent and continuing to provide excellent service for those in need of our services, including making sure all steps are being followed for the protection of our patients and staff.
